EXCITING INCIDENTS MARK BIKE RACE.

Walthour Rendered Unconscious in Spill But Goes Back Into Race.

New York, Dec. 12.—Several exciting incidents marked the continuance of the six day bicycle race at Madison Square garden tonight but rather accident or sprint eliminated any of the riders or changed their relative positions. The score at the end of the 56th hour at 11 o'clock was 1855 miles and 4 laps for twelve of the 14 teams, with the Suter brothers and the Carman-Lettes teams each two laps behind the leading bunch. The record was three miles, 7 laps ahead of the best previous performance by Walthour and Collins in 1909.

Oscar Egg of the French team, crashed into Bobby Walthour's wheel on one of the turns shortly before ten o'clock. Both were thrown and while Egg retained his feet and wheel, Walthour was picked up unconscious but it was found that he had not been seriously injured and he later re-appeared on the track.

Between 3 and 11 o'clock there were several sprints. In the most sensational one at 10:55 the Grenada-Pye combination seemed to have practically gained a lap but the referee did not allow it on the ground that the riders had not quite overlapped the leaders. Then the sprint ended by a puncture.

CHANGE A FREE AGENT.

Can Now Become Manager of New York Highlanders.

New York, Dec. 12.—There is nothing now to prevent Frank Chance, former manager of the Chicago Nationals, from signing a contract to manage the New York Americans, according to an announcement this afternoon that a telegram had been received from Manager John J. McGraw of the New York Nationals, waiving claim on his long-time rival in league pennant fights. The New York club was the last of the National league clubs to waive.

McGraw's willingness to follow the lead of other clubs in his league had not been questioned, as he and Chance are close friends personally and the New Yorker has been known to favor Chance for the leadership of the Highlanders. The New York manager was in Pittsburgh when the question of waivers came up to make Chance finally a free agent, or the waiver would have been forthcoming sooner, McGraw's friends said.

At midnight the score of the twelve leaders was 1874 miles 3 laps, while the two trailing teams had gone 1874 miles 7 laps. The leaders were three miles six laps ahead of the record.

FINANCIAL AND COMMERCIAL

MARKET MORE STABLE.

Lower Prices Result in Considerable Investment Buying.

New York, Dec. 12.—Union Pacific was again the center of activity on the stock exchange today and there were further spectacular fluctuations in its price. In previous excited trading early in the day it broke 4-14 points to 159 3-4, the lowest figure since 1908. Later it rose with a rush to 156 1-2, a gain of 1-12 on the day. The market as a whole showed more stability than during yesterday's disturbance. Although traders had no further information as to the cause of the unsettlement and speculative sentiment was confused, there was less apprehension on the part of security holders. The recent declines made prices more attractive and considerable investment buying was reported.

There was no recurrence of widespread liquidation of high grade investment stocks but on the other hand offerings were taken with sufficient readiness to hold on the general level. The result was that the market as a whole did not respond as readily as yesterday to the break in Union Pacific. There was heavy selling of Reading and it yielded 1-2 but elsewhere declines were comparatively small. Steel was heavily traded in but was well taken.

Evidence of the strength of the general market led to increased buying and as Union Pacific began to rally there was a scramble of the shorts to cover. The rise in the price of the stocks was more violent than the decline had been at any time during the last ten years of unsettlement and the price at one period of the upward rush rose a point between sales. The market which had not gone down with Union Pacific went up with it and leading stocks rose one to two points above yesterday's close. Trading grew quieter at the high level and though prices eased off toward the end of the day there was no further unsettlement.

There was some further calling of loans by banking institutions on account of the shrinkage in value of collateral and the closing out of weakly margined accounts was another unsettling factor.

Bonds shared with stocks in the recovery with convertible issues making the best gains. Total sales, par value, \$2,507,600.

United States bonds unchanged on call.
